Quick Reference Guide

Be sure to first read the "Important Safety Instructions" in the Product Safety Guide. Refer to the Operation Manual (PDF version on the CD or printed version) for detailed instructions.

* In addition, the Operation Manual can be downloaded from the Brother Solutions Center (http://support.brother.com).

 Use a blade and mat combination appropriate for the material to be cut, as indicated in the following table. (Depending on your machine model, additional purchases may be required.) In addition, adjust the blade extension and cutting pressure.

• This table provides general guidelines. Before making your project, test attaching the same material.									
		Mat Vhen cutting smooth paper			Sheet for fabric cutting				
			Standard mat (purple and turquoise)	Middle tack adhesive mat (pink and turquoise)	Low tack adhesive mat (turquoise)	Iron-on fabric appliqué contact sheet (white backing)	High tack adhesive fabric support sheet		
	Material and its thickness								
	Printer paper	80 g/m ² (0.1 mm)	\otimes	(*	✓ 				
	Scrapbook paper (thin)	120 g/m² (0.15 mm)		√*	✓				
5	Scrapbook paper (medium-thick)	200 g/m² (0.25 mm)	\checkmark	\checkmark	√*				
Paper	Cardstock (thin)	200 g/m² (0.25 mm)	\checkmark	√	√ *				
	Cardstock (medium-thick)	280 g/m² (0.35 mm)	\checkmark	✓					
	Vellum, tracing paper	0.07 mm		\checkmark	\checkmark				
	Poster board (thin)	280 g/m² (0.35 mm)	\checkmark						
	Poster board (thick)	400 g/m ² (0.5 mm)	\checkmark						
	Thin cotton fabric (for quilt piece)	0.25 mm	\checkmark				\checkmark		
Fabric	Thin cotton fabric (except for quilt piece)	0.25 mm	\checkmark			\checkmark			
ab	Flannel (for quilt piece)	0.6 mm	\checkmark				\checkmark		
	Flannel (except for quilt piece)	0.6 mm	\checkmark			\checkmark			
	Felt	1 mm	\checkmark			\checkmark			
	Denim 14 oz	0.75 mm	\checkmark			\checkmark			
	Plastic sheet (PP)	0.2 mm	\checkmark	\checkmark					
Others	Vinyl	0.2 mm	\checkmark	\checkmark					
	Magnet	0.3 mm	\checkmark	\checkmark					
Ľ	Sticker or seal	0.2 mm		\checkmark	\checkmark				

Attaching the Material to the Mat

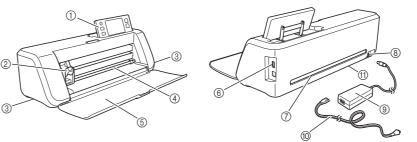

Note

• Craft paper or fabric covered with decorative layer (that can easily separate) such as lamé or foil is not recommended. If such media is used or tested it is recommended to clean the scanner glass at the bottom of the machine after every use.

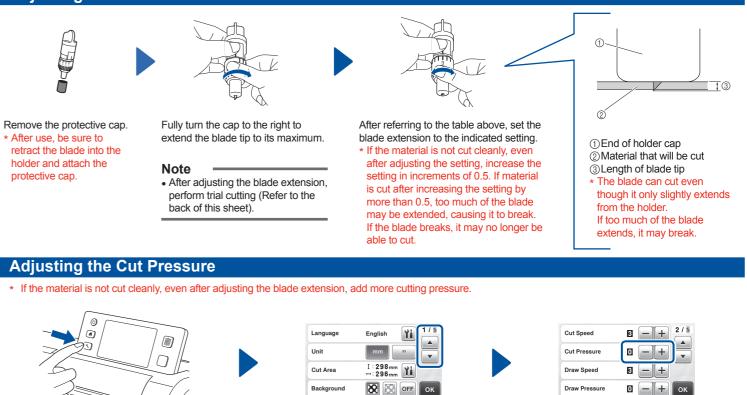

The Main Parts

• This table provides general guidelines. Before making your project, perform trial cutting with the same material.									
			Blade scale setting	Cut pressure setting	Cutting blade				
	Material and its thickness			Standard cut blade (turquoise)	Deep cut blade (purple)
